KEVIN HAMMOND
CARROLL COUNTY SHERIFF
310 WEST MAIN
DELPHI, IN 46923

Laboratory Case Number: 17K-00066

Request Number: 0003 **Request Type:** Firearms

Agency Case Number: 17-00091

DESCRIPTION OF ITEMS:

- Laboratory Item 016 Sealed paper bag containing a sealed envelope containing a 40 S&W cartridge.
Agency Item 122
- Laboratory Item 024 Sealed cardboard box containing one Glock, Model 22, 40 S&W caliber semiautomatic pistol, serial number NR668 US and one magazine (item 024A) containing fifteen cartridges (item 024A1).
Agency Item 1301
- Laboratory Item 024T Sealed manila envelope containing cycled and test fired ammunition from the firearm in item 024.

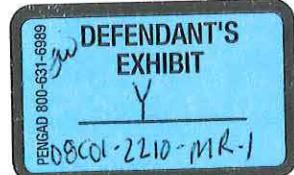

RESULTS/OPIIONS/INTERPRETATIONS:

Examination of the cartridge in item 016 revealed it to be a 40 S&W caliber cartridge manufactured by or marketed as Winchester. The cartridge is loaded with a jacketed hollow point bullet.

The firearm in item 024 was examined for functional defects and test fired. No functional defects were found.

Examination of the magazine in item 024A revealed it to be a 40 S&W caliber staggered box magazine manufactured by or marketed as Glock having a capacity of fifteen cartridges.

Examination of the fifteen cartridges in item 024A1 revealed each to be a 40 S&W caliber cartridge manufactured by or marketed as Federal. The cartridges are loaded with jacketed flat nose bullets.

INDIANA STATE POLICE LABORATORY DIVISION

CERTIFICATE OF ANALYSIS

The cartridge in item 016 could not be identified or excluded as having been cycled in the firearm in item 024. The cartridge in item 016 did not exhibit corresponding individual characteristics to the firearm in item 024 and there was nothing to suggest that the cartridge in item 016 was cycled in the firearm in item 024.

A test fired cartridge case from item 024T and the cartridge ejector mark on item 016 were entered into the IBIS database.

The test fires in item 024T will be returned to the contributor. It is recommended that the test fires are retained for a period of at least five years.
